## 1. How to Download a Certificate

First, visit https://photozonegraphy.com and click on Certificates in the navbar. Then select Claim, or directly visit https://photozonegraphy.com/certificates/claim.
Enter the email address you used to submit your image(s) and the certificate ID provided in this document. Once both details are verified, your certificate will be displayed.
Download the PDF version of the certificate, as it offers the highest quality. If you need an image version, go to Tools → PDF to Image from the navbar, or directly visit https://photozonegraphy.com/tools/converter/pdf2img. Upload the downloaded PDF, and it will be converted into an image.

If you want to share your certificate on Facebook, please go to the How to Verify a Certificate section of this document, which explains how to post your certificate directly to Facebook.

Merit list photographers images are showcased in: https://photozonegraphy.com/merit-list

## 2. How to Verify a Certificate

There are two ways to verify a certificate. The simplest method is to scan the QR code using any QR scanner or our built-in scanner available on the certificate page. The second method is to enter the certificate number on our verification webpage. Both methods will lead to the same verification page, where you can view the certificate credentials, participant information, event details, jury panel, issuer information, and other relevant details. Each verification page is uniquely assigned to a specific participant. We create and maintain these pages for everyone, including participants, winners, and all other certificate holders. Please note that the certificate image displayed on the verification page is not the highest-quality version. Since these records are stored permanently, the displayed certificate is optimized to reduce storage requirements and ensure long-term availability. If you wish to download the full-quality version of your certificate, you must do so from the claim page. Also, please note that certificates will remain available on the claim page for up to 6 months. After that period, they may no longer be accessible through the claim system.
Certificate Verification page link: https://photozonegraphy.com/certificates/verify
Use the share to facebook button, to post the certificate on your profile.

Thank you for participating in our photography contest. Your participation helped make this event a truly international competition, with **68** photographers from **15 countries** submitting a total of **593 images**.

From the **593** submissions, the selection process narrowed the entries down to 60 images. These were then evaluated by Preliminary Juror Fodor Andras, resulting in a shorter list of images. Our international guest juror then reviewed the finalists and selected the winning entries listed in this document.

*Please note that Special Honor Certificates were awarded to only a limited number of photographers whose images demonstrated exceptional creativity, photographic skill, color grading, and editing excellence. Although these entries were not placed on the merit list, they received special recognition after being reviewed and evaluated by Istiak Ahmed Mozumder, Fodor Andras, and George Wade.*

Welcome to the PhotoZone Graphy family. We hope you will participate in our future contests and continue submitting images for showcasing on our website. We also hope you enjoy our website's new design and user experience.

*For any suggestions, reports, or assistance, feel free to contact me personally at imozumder@photozonegraphy.com or visit our Contact page. We also provide a live chat feature where you can communicate with us directly.*

We hope you enjoyed our contest, website features, and overall experience. Thank you for being a part of our community.
